SUPPORT A NEW HEALTH AND COMMUNITY HUB FOR EAST LEAKE

East Leake Health Centre is one of the oldest health centres in Nottinghamshire. However, the current building is too small for East Leake's growing population and it needs refurbishment. That is why we are campaigning for a modern, multipurpose health and community hub for East Leake, based at the site of the current health centre on Gotham Road.

However, I need your help! We need to show the strength of feeling about this issue and demonstrate the local need for a new health and community hub.

MODERN FACILITIES

To provide upgraded facilities in a modern, state-of-the-art health and community hub, capable of providing a range of services in the community.

INCREASED CAPACITY

Improve the health centre's ability to cope with demand from an increased population across East Leake and surrounding villages.

MULTI-PURPOSE FACILITIES

To offer a community hub where people can access a range of services which could include a pharmacy, a dentist or social services under one roof.

If you would like this to happen, we need to **ACT NOW!**

Please join others by completing the contact form attached on the back, then email or detach and post it back to me before 11 June.

Ruth Edwards

Member of Parliament for Rushcliffe

To help get these improvements, we need to work together.

I am working with Rushcliffe Borough Council and the Clinical Commissioning Group in Nottinghamshire to secure Government funding to get the Health and Community Hub East Leake needs!

We support the bid from Rushcliffe Borough Council and local health authorities, backed by our MP, to:

- 1** Establish a modern health and community hub in the centre of the village.
- 2** Expand the range of services offered to residents.
- 3** Make sure that services cope with the demand of an increasing population.
